DETAILED ACTION

Allowable Subject Matter

1. Claims 1-17 are allowed. The following is an examiner's statement of reasons for allowance: the prior art fails to teach or make obvious a motor driving apparatus comprising: a rectifier circuit having an input to be connected to a single-phase AC power supply; an inverter circuit connected to said rectifier circuit; an inverter control unit operable to control said inverter circuit so as to drive the motor; wherein said inverter control unit includes a power supply voltage estimation unit operable to estimate a voltage of the single-phase AC power supply, and said inverter control unit is operable to change the value of the current or voltage outputted from said inverter circuit so that a waveform of an input voltage of said inverter circuit which is outputted from said rectifier circuit to said inverter circuit becomes equal or approximate to an absolute value of a waveform of an output voltage of the single-phase AC power supply, based on the power supply voltage estimated by said power supply voltage estimation unit..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
